By having more classes in our institution, we will move towards improving learning. Many times the class is closed for no reason.

Engaging classes

Rapport between teacher and students This is a

very good institute.

Giving assignments frequently.

Teaching is actually very good and impressive I

have no suggestions

Thoroughly in depth, Examples, Good Learning Good

always helpful

Should be more polite Yes

Every thing is good

All the teachers are perfect in there own ways They

gave good example

Should treat each students with extra care,not only special ones. Should provide more extra curricular opportunities

The Teaching experience is very good. My

experience in my college is very good

Teacher spike with students on her problem

1. Engage with students
2. Point out our mistakes
3. Completion of syllabus

Vey good ,
Efficient and
Effective

Please take class properly

I am too insignificant to say this.

Our computers are not working properly..please give focus on it... Everything is

fine...

1. A quick completion of syllabus should be needed
2. Not the problem of the college but the CU should extend the time of syllabus completion (minimum of proper 4-5 months)

1- Use of some multimedia live demonstration

- 1) PLEASE PROVIDE PRACTICAL KNOWLEDGE which can be used in our life rather than those boring bookish knowledge only
- 2) PLEASE INVITE SOME NOBLE LAUTERATE OR VERY PROFESSIONAL PERSONS REGARDING THE PARTICULAR SUBJECT so that we can get some PRACTICAL experience from them and how things actually work in the world
- 3) TAKE REGULAR TESTS PERIODICALLY EVERY 2 WEEKS/1 WEEK so we can improve ourselves and get ready and experienced for the UNIVERSITY SEMESTER EXAMINATIONS .

Improve Communication Teaching

of the college is good Projector.

One of our teacher doesn't complete the syllabus but manipulate us that has done it and also one doesn't explains the matter but just gives notes

The teachers are very good and I can understand their learning process. Everything

is already very good ,only Punctualness should required.

1. Need to improve commerce department benches.
2. Need to install Mike for teacher's so that we can hear them properly.
3. Need to improve infrastructure.

The number of classes conducted should be increased

Lesson planning, class room manegement,and being tolerant of students mistakes are the areas to focused

The teachers always helps us for every problem and thus the student-teacher bond is very strong. The only suggestion I want to give that to start the classes right on time and if any teacher postpones or cancels any class then if he/she informs us before the day then it will be very much grateful to us as many students including me comes college from a long distance.

Good support
Always help

be more specific and teaching with real life example is necessary Use

better graphics and visual media to engage students well.
Try to reach every student and ask for their doubt.

To give more interesting practical knowledge classes

1. Change the teachers
2. Dissolve the department
3. Dissolve the University

The teachers provided us with great knowledge and encourage us in every prospect of life as well. I am immensely grateful for having such great teachers in my college.

Great learning experience

Improve more

First of all we hardly hear those voices of the professors.
It's very hard to listen the lecture from middle to last benches. Each and

every student should be given the chance

1. Quality teachers are required
2. Education system should change, and no involvement of politics should be there.
3. Quality of Teacher's should be inspected by an external guard from the University itself once in 3 month.

In my opinion the institution should required some teachers.

The experience is really good. For me it's the best college for higher education. All sir and

maam are teaching us very good

They are doing a great job so I have nothing to suggest

Proper guidance

...

Detailed evaluation Discussion
over performance
Providing Guidance accordingly Every

thing is okay

More example and explanation are needed No

need to improve

1. More classes , 2. More teachers recruitment , 3. More seats vacancy for students

1. Study related excursion
2. Use of projector
3. Live example
